

About us...

GL50 Properties was founded in 2000 by James Perkins, and named after the primary postcode within the Cheltenham area – home to James's first large restoration projects.

Having now restored many outstanding listed buildings throughout England to their former splendour, GL50 is now considered one of the UK's leading restoration specialists. Our ability to undo so much of the architectural vandalism which has occurred since the 1960's and the approach we take to proving long term planning solutions have been important factors in our success.
